

# WHAT EXACTLY DOES UWHC DO?

The simple answer is “we help people”. Our one mission: To measurably improve people’s lives in Hancock County. We help people from all walks of life and all ages; people without enough to eat or a safe home; people with health issues. Some are coping with depression, abuse, and mental illness. We help people who want to make their lives better; people who need help.

We partner with 20 local agencies that help one in four people in our community. Instead of focusing on one single cause or issue, we focus on dozens of them. This way one donation goes to the community’s most pressing needs and also to those that are less obvious but just as important.

Help is available to provide food and shelter to a homeless family, to give children access to early education, to help seniors maintain their independence, and to give those in need access to safe and reliable transportation. These services vary widely - but they’re each extremely important to those who need them.

This level of helping is possible because thousands of people from across Hancock County generously make donations. It’s neighbor helping neighbor because the money raised here stays here. Together with your new employer, we help people in our community and invite you to be a part of it.
